### Profile Screen

The wireframe shows a mobile application screen for a profile. At the top, there is a header bar with three buttons: 'Profile', 'Start New Chat', and 'History'. Below the header is a large white area containing a form. The form has a 'username' input field, a 'select your proficiencies' label next to a list of languages (Arabic, Chinese, English, Spanish, Swahili), and an 'update' button.
